In 2013, a new Commonwealth Parliamentary Association (CPA) Business Plan was developed, based upon the CPA Strategic Plan 2013-2017. The Plan, facilitated by the Cass Business School’s Centre for Charity Effectiveness (CASS CCE), provides a route map for the Association for 2013 to 2015 and will ensure among other things:

- A focus on Members and Member needs, so that by the end of the Plan period Members feel more effective to seek new, greater involvement with the CPA; and
- Increased support for Members: promoting parliamentary knowledge, excellent two-way communications by taking advantage of ICT, exchange of good practice.

The outcomes that provide the focus for all Secretariat activity in the period to the end of 2015 include:

- Parliaments and their Members are taking every opportunity to see beyond their work to exchange good practice with other Parliaments and take an interest in the Commonwealth; and
- Enhanced individual capacity of Members of Parliament and parliamentary staff.

Certain factors are of course vital and critical in ensuring the success of the Business Plan within the Secretariat, and these include:

- A deep understanding of Member needs; and
- Greater accountability for delivering results.

One key CPA event that ties into the Business Plan is the running of the Annual Conference. The largest CPA annual gathering brings Parliamentarians together to discuss parliamentary and political issues in an effort to improve the way Parliaments work and broaden the understanding of MPs.

With approximately 600 people from 52 countries coming together as a collective, the conference not only provides a crucial platform for Members and parliamentary officials to discuss and share ideas, it also provides ample opportunity for the Host Branch to showcase their country as well as their Parliament. The concept of hosting is integral to the Association and encouragement is given to Branches keen to host.

Keeping in line with the Annual Conference, the 59th Commonwealth Parliamentary Conference held last year in Johannesburg, South Africa, was well organized and wonderfully executed by the Host Branch. It is always encouraging to witness a successful conference and I would like to thank everyone from the
Parliament of South Africa, the respective CPA Branch and everyone that diligently worked to deliver a successful conference.

The 59th Commonwealth Parliamentary Conference also welcomed a new Chairperson of the Commonwealth Women Parliamentarians (CWP). The Speaker of the Parliament of Uganda, Rt Hon. Rebecca Kadaga, MP, was voted as the new Chair for a three-year term, taking over from Hon. Alix Boyd Knights, MHA, of Dominica. We thank Ms Boyd Knights for her tireless work during her role as CWP Chair, and wish the new Chair every success in this challenging and exciting role.

One cannot write about South Africa without mentioning the passing of the country’s first black President Nelson Rolihlahla Mandela, or ‘Madiba’ as he was also known. Though his death on 5 December 2013 was a dark day for many South Africans, his legacy for advocating peace and democracy will live on forever.

The Association’s Programmes activities is one of the key focal areas of the new CPA Business Plan. Due to its ongoing success, the CPA Youth Parliament is to be held as an annual event, as was decided at the meeting of the CPA Executive Committee in Tonga in 2012. The Youth Parliament will rotate alphabetically according to regions, with the 6th Commonwealth Youth Parliament set to take place in the North-West Province of South Africa from 2 to 8 November 2014.

Other ongoing programmes include the CPA’s work with the International Monetary Fund (IMF) and the World Bank Institute (WBI), as well as the Human Rights programme with the Commonwealth Secretariat.

In 2013, the CPA undertook a major restructuring at the Secretariat. Two new directorates were introduced, namely the Programmes Directorate and the Finance Directorate, which aim to help deliver the CPA Business Plan. Ms Meenakshi Dhar was appointed the Director of Programmes, while Mr Joe Omorodion was appointed the Director of Finance during the Annual Conference in South Africa. Both directors were appointed in 2013 with their new positions taking effect from 1 January 2014.

The restructuring also saw the departure of two long-service staff members, Mr Andrew Imlach, former Director of Communications and Research, and Ms Christine (Tina) Ngwira, former Assistant Director of Conference and Events. With each having served more than 30 years at the CPA Secretariat, their experience and expertise in their respective fields provided immense value to the Association. I wish both Tina and Andrew the best for the future.
I am pleased to present to you the CPA Annual Review for 2013. The CPA has continued to enhance the number and quality of its programmes and has undergone significant organizational change this year. Much of this change will improve the effectiveness of communication between the Secretariat and Branches and ensure there is more opportunity for Branches to contribute and attend CPA programmes. It is a pleasure for me to look back on the goals achieved in 2013.

The highlight of 2013 has been our annual conference held in Johannesburg. Over 500 delegates attended, testament to the popularity of the CPA and the importance placed on our annual conference by Commonwealth Parliamentarians. The range of workshop topics was particularly valued by Members and this is a key aspect of the programme that the CPA will develop for our future conferences. The Secretariat is tasked with furthering collaboration with international organizations, particularly the United Nations Development Programme (UNDP), on the workshop format and outcome. At the conference, the term of Hon. Speaker Alix Boyd-Knights as Chair of the Commonwealth Women Parliamentarians came to an end; I am extremely grateful to the Honourable Speaker for her commitment to the CWP cause over the last three years. Women Parliamentarians were asked to elect a new Chair and Rt Hon. Speaker Rebecca Kadaga, MP, was successful in her candidacy. I am delighted to welcome the Honourable Speaker to the Executive Committee and look
forward to hearing about the success of CWP programmes the Chair will oversee in the next three years. I extend my thanks to the 2013 organizing team for hosting a most memorable conference in Johannesburg.

I also extend my thanks to the hosts of the mid-year Executive Committee meeting, held in the Cayman Islands in March 2013. Our discussions in the Cayman Islands were extremely productive, which I’m sure was due in part to the wonderful weather we experienced and the friendly disposition of our hosts.

The Annual Review notes the key decisions made by the Executive Committee during 2013, which includes the introduction of a number of initiatives including a Members Survey to establish the preferred focus of the Secretariat’s work in 2014; a Parliamentarians Mentoring Scheme and discussion on the possibility of establishing a Small Branches Chairperson, akin to the role of the Chair of the CWP. I am fully supportive of these initiatives as I feel each improves the transparency of our internal governance, appeals to new Members and supports the unique composition of the CPA.

Within the pages of this Annual Review you will find descriptions of the two CPA regional conferences held in 2013, plus two parliamentary seminars in Canada and Singapore and a post-election seminar in Lesotho. Unfortunately, due to the political situation in the state of Andhra Pradesh in India, the 6th Commonwealth Youth Parliament was postponed and is due to take place in the North West Province of South Africa in November 2014. It is essential the CPA continues to appeal and reach out to the millions of young people in the Commonwealth and I am delighted that the Youth Parliament programme will continue in 2014 and beyond. This work was made possible only through the dedication and commitment of CPA Secretariat staff, headed by our Secretary-General Dr William F. Shija, and I would like to express my gratitude to all staff for their continued commitment and hard work on behalf of the CPA.

Many of the CWP Regions used their allocated funds for 2012 to plan ambitious projects and programmes for the following year. The Australia region delivered a Youth Women’s Forum event in Sydney in November 2013, details of which are contained in the Review. I am delighted that each of the CPA Regions and individual Branches has continued to create and deliver their own programmes, inviting CPA colleagues to attend. The CPA remains dynamic and vibrant because of this additional level of programme activity among Branches and within each Region and I am grateful to the Members, clerks and officials that carry out such a wide variety of work on behalf of the CPA.

As Chairperson of the CPA Executive Committee, I commend this review to colleagues.
Structure, Governance and Management: Governing Document

The CPA has its own constitution ‘Constitution of the Commonwealth Parliamentary Association’ as adopted by the General Assembly of the Association at its meeting in Cyprus on 6 September 1993, and amended by the General Assembly of the Association at its meetings in New Zealand on 19 October 1998; in Canada on 7 September 2004; in India on 28 September 2007; in Kenya on 18 September 2010; and in South Africa on 5 September 2013.

RECRUITMENT AND APPOINTMENT OF NEW TRUSTEES
Trustees are appointed by the Executive Committee on the basis of eligibility, specialist skills and availability, and all of our Trustees give of their time freely.

INDUCTION AND TRAINING OF NEW TRUSTEES
An induction session is organised by the Secretariat for new Trustees. New Trustees are also provided with recent data on the operations of the CPA, including financial reports and minutes of immediate past meetings.

At their bi-annual meetings, Trustees are kept appraised of recent charity legislation/developments by the management team of the Secretariat.

ORGANIZATIONAL STRUCTURE
The responsibility for the day-to-day management of the CPA Secretariat rests with the Secretary-General. He is supported by two Directors: Director of Finance and Director of Programmes. The Secretary-General reports on the operations of the CPA Secretariat to the Executive Committee, which has a Co-ordinating Committee and two Sub-Committees.

Decisions on daily operational matters are made by the Secretary-General, in consultation with the Directors.
ADDITIONAL BRANCHES
The Commonwealth Parliamentary Association Secretariat is the International Headquarters for the Association. It has close links with 178 branches (2012: 182 branches) on a day-to-day working level and also in the organization and payment for the Parliamentary Seminars, meetings and conferences, etc. However, each Branch is autonomous, raises its own finance and pays an annual subscription to the Association’s International Headquarters. The annual subscription is determined at the Association’s annual meeting of the General Assembly.

COMMONWEALTH SECRETARIAT
The Commonwealth Secretariat is the governmental wing of the Commonwealth and has 53 countries as its members. The CPA’s relationship with the Commonwealth Secretariat is informal. However, it is recognized that the CPA is the Parliamentary wing of the Commonwealth and some CPA programmes are jointly implemented. The Commonwealth
Inter-Parliamentary Union

The Inter-Parliamentary Union (IPU) deals with the national parliaments of all countries around the world. The Association’s relationship with the IPU is informal. However, many CPA members are also members of the IPU.

RISK MANAGEMENT

The Trustees have assessed the major risks to which the CPA is exposed, in particular, those related to the operations and finances of the Association. They have established a Business and Finance Risk Management Plan and developed a Business Plan which document the major risks by areas of activity, the nature of those risks, the likelihood of the risks happening, the likely impact of such an event occurring, the controls in place and the persons holding the responsibility to manage each risk. The Trustees review the Plan on a regular basis and are satisfied that systems are in place to mitigate the exposure to any major risks. In addition, the Association has insurance cover in place and its finances are kept under ongoing review.

Secretary-General or his representative attends the CPA Annual Conference and the CPA Secretary-General and/or the Officers of the Association participate in the Commonwealth Heads of Government meeting.
Under section 1(1) of the Constitution of the CPA, the aim of the Association is ‘to promote knowledge of the constitutional, legislative, economic, social and cultural aspects of parliamentary democracy with particular reference to the countries of the Commonwealth of Nations.’

**MAIN OBJECTIVES FOR THE YEAR**

The CPA’s strategic objectives for the year, as contained in the 2013 – 2017 Strategic Plan, were:

1. To assist Members
2. To promote the Commonwealth
3. To encourage professional development
4. To strengthen the CPA through communication.
5. To assist developing Parliaments
6. To promote gender equality.
7. To address concerns of Small Branches.
8. To improve the Association’s organizational development.
Each year, the Trustees review the objectives and activities to ensure that they continue to be relevant. In carrying out this review, the Trustees have considered the Charity Commission’s general guidance on public benefit when reviewing the aims and objectives that have been set, and in planning the charity’s future activities. In particular, the trustees consider how planned activities contribute to the aims and objectives they have set.

**STRATEGIES TO ACHIEVE OBJECTIVES**

Under section 1 (2a), (2b), (2c) and (2d) of the Constitution of the CPA, the Association’s strategies to achieve its objectives are:

(a) ‘By arranging Commonwealth Parliamentary Conferences and other conferences, seminars, meetings and study groups,’

(b) ‘By providing facilities for the exchange of visits between members of the Branches of the Association,’

(c) ‘By publishing material relevant to the aims and activities of the Association, which shall include the regular publication of a periodical devoted to constitutional and parliamentary affairs,’

(d) ‘By maintaining at the Secretariat of the Association a centre for the dissemination and exchange of information on parliamentary matters.’

We have made the Association both accessible and welcoming to all Commonwealth countries who wish to enhance parliamentary democracy. In particular, we are committed to assisting Commonwealth countries that are less developed both financially and democratically. Our annual membership fee is structured to provide assistance to all Branches by providing funding to assist their Parliamentarians to attend the Association’s events.

**ACTIVITIES AND PUBLIC BENEFIT**

The Association carries out a wide range of activities in pursuance of its charitable aims and the Trustees consider that these activities, as summarised below, provide benefit both to the Association’s members and (indirectly) to the wider community in many Commonwealth countries/dependencies.

To achieve its objectives, the CPA’s activities in 2013 included (but were not limited to) the following (see next page):

ACHIEVEMENTS AND PERFORMANCE

Most of the following events were generally conducted on a regional basis with members and parliamentary staff attending from countries and dependencies located within a specific region. Regions in which events were held during the year included: Africa, Asia, British Islands and Mediterranean, Canada, Caribbean, Americas and Atlantic, Pacific and South East Asia.

STRATEGIC OBJECTIVE PERFORMANCE

1. To assist Members:
   Five workshops and/or seminars were held on such topics as governance, benchmarking, public accounts committees operations. Four issues of The Parliamentarian containing more than 60 articles on good governance and one good parliamentary practice booklet were published and circulated to Members and Branches; a reference service was operated to provide comparative information to Members and officials and information on good practices was regularly posted on the website. Good practice issues were discussed at the annual Commonwealth Parliamentary Conference for more than 400 Members and 300 officials and invited representatives. Parliamentary seminars were held in Singapore and Canada for approximately 60 Commonwealth Members.

2. To promote the Commonwealth:
   Commonwealth youth day was held and over the year, official (recorded) delegations visiting the head office of the Association numbered 50. The Commonwealth Secretary-General addressed the annual conference on Commonwealth issues.

3. To encourage professional development:
   Thirteen workshops and/or seminars were held on such topics as parliamentary staff development, post-election seminars, constituency development fund and trade policy, etc.

4. To strengthen the CPA through communication:
   Of the workshops and/or seminars noted in objective 3 above, five of the workshops were delivered in joint ventures with external partners.
5. To assist developing Parliaments: Two regional conferences were held, and the Secretariat’s Commonwealth Parliamentary Reference Service (CPRS) provided information on comparative practices in response to queries from Branches.

6. To promote gender equality: CWP meetings were organized at the Commonwealth Parliamentary Conference. The Commonwealth Women Parliamentarians section on the website was updated and made more visible.

7. To address Small Branches’ concerns: The annual Small Branches Conference was held and reports of its meeting were published. The Small Branches also shared a workshop topic with the plenary conference that enabled Members from Small Branches to explain their issues to Members from large Branches.

8. To improve the Association’s organizational development: An Annual Conference was held. The Secretariat’s office facilities are always open to our members and during the year we received in excess of 140 delegations to our offices. In addition, work continued on the Association’s website and further finance and administrative policies/procedures continued to be effectively maintained.

As a result of the feedback received from participants and recipients, the Trustees are satisfied that the workshops continue to be of great benefit to members and Branches.

FACTORS AFFECTING PERFORMANCE

In some instances, the hosting of workshops, seminars or conferences are totally outside the CPA’s control.

Each workshop/seminar/conference is generally developed in partnership with the host country and/or participating countries. Most of the above mentioned workshops/seminars and conferences were held in countries around the Commonwealth. As a result of the feedback received from participants and recipients, the Trustees are satisfied that the workshops continue to be of great benefit to members and Branches. Similarly, the publications of the CPA continue to be well received by members and Branches.
More than 500 Members from Commonwealth national, state, provincial and territorial Parliaments and Legislatures from more than 150 Branches attended the 59th Commonwealth Parliamentary Conference and associated meetings. Challenges was particularly pertinent given the Commonwealth’s commitment to equality and the respect of political, economic, social and cultural rights, including the right to development. The 59th Commonwealth Parliamentary Conference introduced a new Conference Concluding Statement that was published shortly after the closing of the conference. The Statement featured Commonwealth parliamentary opinion as expressed by conference delegates, as well as the 25-word recommendations provided by discussion leaders prior to the meetings. The recommendations were either endorsed or noted by the workshop delegates. Delegates highlighted a number of methods to finding possible solutions when debating the topic of land access and ownership in South Africa. Suggestions included using land as collateral, engaging traditional leaders, and classifying co-operatives as legal entities. Members endorsed the recommendations that “Governments must understand the needs of rural communities by creating effective platforms for discussion and Parliamentarians must pass responsive legislation to correct imbalances”. Despite there being general agreement that progress had been made towards achieving the Millennium Development Goals (MDGs), delegates acknowledged there was more work to be done. It was observed that progress had been slow on the promotion of gender equality and women empowerment, and challenges still remained regarding the existing inadequate funding to ensuring that
true gender equality existed beyond just numbers. Consequently, Members endorsed the recommendation that “People everywhere need to be conscious of their responsibilities and should press governments and international developmental partners to augment, not deduct, resources dedicated to the MDG[s] effort”.

Delegates during the Final Plenary recognized the principles enshrined in the Commonwealth Charter, such as democracy, human rights, international peace and security. They generally agreed that the Charter is a useful instrument in upholding and enforcing the Commonwealth principles.

The commitment of some countries to uphold the values contained in the Charter was seen as a milestone in the development and prosperity of the Commonwealth. Subsequently, Members endorsed the recommendation that “CPA Member Parliaments must integrate the provision of the Charter in their work. Parliaments should popularize, monitor and exercise oversight on the Executive for compliance”.

The conference was officially opened on Monday 2 September by the President of the Republic of South Africa, H.E. Jacob Zuma. He spoke about the significance of the CPA’s role in promoting the advancement of parliamentary democracy and thanked the association for its support and solidarity during the country’s struggle for liberation.

CPA Secretary-General Dr William F. Shija and Commonwealth Secretary-General H.E. Kamalesh Sharma addressed the conference on CPA and governmental activities respectively.

Two representatives from the CPA Youth Parliament programme, Ms Candace Ramnanan from Trinidad and Tobago, and Mr Mason Nkabinde from Mpumlanga, delivered compelling speeches on the future of the Commonwealth.

As well as the plenary and workshop sessions, the 59th Commonwealth Parliamentary Conference also hosted the 33rd Small Branches Conference, and a Commonwealth Women Parliamentarians Conference (see relevant sections for further information). A Conference of the Society of Clerks-at-the-Table (SOCATT) in Commonwealth Parliaments was also held in the wings of the annual conference.

Participants that attended were impressed by, and indebted to, the CPA President, the South African Parliament and its CPA Branch for providing an incredibly warm welcome, and for hosting a successful annual conference.

Brief summaries of the discussions and recommendations from the sessions were included in the Conference Summary Statement. The Statement was also circulated to Heads of Government, Heads of International Organizations and High Commissioners. Longer summaries from all conference meetings were circulated to Commonwealth Heads of Government, Opposition Leaders and relevant international agencies and published for all Members in Issue Four 2013 of The Parliamentarian.
The 33rd Small Branches Conference took place from 30 to 31 August in the Sandton Convention Centre in Johannesburg. The conference, catering for Members from jurisdictions with populations of up to 500,000, discussed the effects of four issues on small Parliaments.

The Conference was officially opened by CPA President Hon. Mninwa Johannes Mahlangu, MP, Chairperson of the National Council of Provinces, and included a brief address from the Chairperson of the CPA Executive Committee, Rt Hon. Sir Alan Haselhurst, MP, and the CPA Secretary-General, Dr William F. Shija. Sessions began with a discussion on “Separation of powers and good governance in small states”, a subject that was also debated at the main conference given its relation to all Parliaments.

INTERNATIONAL WOMEN’S DAY
To mark International Women’s Day in March 2013, the CWP Chairperson Hon. Alix Boyd Knights, MHA, conveyed a special message to parliamentary colleagues and women everywhere. Commenting on the theme of the 2013 International Women’s Day “A promise is a promise: time for action to end violence against women”, she remarked that brutality against women is still prevalent the world over. Acknowledging that such violence is often perpetrated against women by men, she therefore held that men must play an active and equal role in finding a solution to this perpetual problem. Men and women together, must review existing legislation and practices to ensure that they are adequately protecting women’s rights and are protected properly by the judiciary.

The Chairperson intimated that even in situations where legislation and legal institutions protect women, other factors such as adequate evidence can often work against a conviction of a violent act towards a woman. With this in mind, the Chairperson proposed an initiative which she called “Let the Pocket Pay”, where women who choose to pursue civil action can have access to legal aid, financial compensation and when culpability is admitted, a mediation framework can be established. The Chairperson invited others to come forward with ideas, proposals and suggestions on how to eliminate violence against women and girls to create a safer environment for us all.

The programme was in collaboration with the Australian Parliament, the Pacific Women’s Parliamentary Partnerships funded by the Australian aid programme, and the UN Women Pacific Regional Centre.

Held in Sydney in November, the forum built on the successful women’s forum held in 2011 which linked into the theme “Women as Agents of Change”. On this occasion, the forum allowed delegates the opportunity to hold discussions with female Parliamentarians, to observe them at work, to hear leading female Parliamentarians’ views on gender perspectives on leadership and to participate in a roundtable discussion on issues of interest concerning the Commonwealth. A mock debate was also held on the use of quotas to increase the participation of women in politics. Delegates agreed the following actions:

• Become more involved in the community;
• Promote the involvement of women in politics;
• Improve understanding of the political system; and
• Continue the conversation.

...the forum built on the successful women’s forum held in 2011....
Several articles covering the new Commonwealth Charter, a girth of news items documenting the issue of encouraging more women into politics and The Parliamentarian online app being available on the Apple iTunes Newsstand, were among the highlights of the Secretariat’s communications for Members in 2013.

**THE PARLIAMENTARIAN**
The journal featured over 50 articles on key parliamentary developments during the year in addition to the columns contributed by Sir Alan Haselhurst, MP, as Chairperson of the Executive Committee, Hon. Alix Boyd Knights, MHA, as Chairperson of the Commonwealth Women Parliamentarians and Secretary-General Dr William F. Shija. The newly elected Chairperson of the CWP, Rt Hon. Rebecca Kadaga, MP, contributed her first view for the Conference issue of the journal. Coverage was provided of parliamentary and political developments throughout the CPA’s Regions, with the Kenya Branch submitting its first parliamentary news report in Issue One.

Issue One opened with the Vice-Chairperson of the CPA Executive Committee, Dr Nafisa Shah, MNA, writing about living with terrorism in Pakistan. Dr Shah called for global support for the country to assist in its efforts to uphold democratic values, rights and freedoms. The Speaker of the Lok Sabha, India, Hon. Meira Kumar, contributed on the subject of managing water resources in the country, outlining the various ways being implemented to help improve water usage. Senator the Hon. Raynell Andreychuk wrote on the subject of the Crown in Canada, arguing that its role in Canadian society was integral, and one that needed to be explained and promoted to the youth.

Other articles focused on democracy in Kiribati since independence, the role of the Opposition in the Cook Islands, and benefiting from extractive industries through parliamentary oversight. The first of two Profiles on individual Branches was published in Issue One. The Cayman Islands hosted the 2013 CPA Executive Committee Mid-Year Meeting, with its Profile featuring articles written by senior
Members. The Speaker of the Legislative Assembly, Hon. Mary J. Lawrence, submitted an article on the history of the country’s Assembly, while the then Premier, Hon. Juliana O’Connor-Connolly, JP, MLA, discussed the Islands’ constitutional status as an overseas territory of the United Kingdom.

More than 20 articles featured in the second Profile, highlighting the Parliament, politics and developments of South Africa as it prepared to host the 59th Commonwealth Parliamentary Conference. Along with an article by Hon. Mninwa Johannes Mahlangu, MP, on the role of the National Council of Provinces in promoting co-operation and engagement, the Profile additionally featured contributions from senior Parliamentarians. The Speaker of the National Assembly, Hon. Max Sisulu, MP, provided insight on the evolving role of Parliament in the 21st Century, while its Deputy Speaker, Hon. Nomaindya Mfeketo, MP, offered a piece on sectoral Parliaments for youth, women and rural South Africans.

The focal point for Issue Two highlighted the new Commonwealth Charter, consequently leading the way for several topics of discussion. The Prime Minister of Trinidad and Tobago, Rt Hon. Kamla Persad-Bissessar, MP, favoured the new charter, arguing that it strengthened the contribution of the Commonwealth in attaining peace and democracy. The British Minister of State at the Foreign and Commonwealth Office, Rt. Hon. Hugo Swire, MP, maintained that the new charter dispelled any myths that the Commonwealth was outdated, and it could now concentrate on setting continuing goals that all could use to hold it accountable. Other articles centred on New Zealand’s response to the global financial crisis, reducing child labour in India, and exercising the right to self-determination in the Falkland Islands.

Issue Three put women at the top of the agenda featuring three articles; two contributions from Members from Australia (Hon. Lisa Baker, MLC), and Wales (Hon. Rosemary Butler, AM), and a third submitted by the office of the Clerk of the National Assembly of Samoa. Other articles looked at Fiji’s new constitution and the removal of ethnic-based seat allocation, improving oversight of the government in Zanzibar’s House of Representatives, and fostering a community of practice among Commonwealth parliamentary budget offices.
The 59th Commonwealth Parliamentary Conference in South Africa was the focal point for Issue Four. Reports of the plenary sessions, workshop sessions as well as the 33rd Small Branches Conference and the Commonwealth Women Parliamentarians Conference and associated meetings featured in the journal. As in previous years, Issue Four was not just to Members but also to Heads of Commonwealth governments and Opposition Leaders and heads of relevant intergovernmental agencies.

The circulation of the journal remained constant during the period and printing and distribution continued to be undertaken by companies in the United Kingdom, India and Singapore. The subscription charges to non-Members remained unchanged from 2011.

### The Parliamentarian Online

The Parliamentarian Online was marketed digitally through the Apple iTunes App Store’s Newsstand in 2013. The Parliamentarian app is accessible by iPads and iPhones through Newsstand’s Business and News and Politics sections. Issue Two/2012 can be downloaded free of charge as a sample to encourage users to buy the app at a price of £2.49 for a single issue and £6.99 for a year’s subscription.

While The Parliamentarian app is currently only available on Apple devices, iTunes usage and demand from Members will determine whether the Secretariat will consider expanding access to android devices, including non-Apple tablets, in the future.

The Secretariat is continuing its policy of making the journal, and other publications, available in as many media outlets as possible to follow industry good practice of reaching readers in the varied media they prefer to use.

### OTHER PUBLICATIONS

The CPA’s booklet on its aims, organization and activities, Promoting Parliamentary Democracy was re-published in 2013, after a three-year hiatus, owing to austerity measures.

Three new booklets in total...
were published; *The Role of Parliaments and Extractive Industries, Commonwealth Women Parliamentarians*, and the new *Strategic Plan 2013-2017* that featured as an insert in the 2012 Annual Report.

BRIEFING SESSION FOR COMMONWEALTH PARLIAMENTARIES ON ELECTRONIC COMMERCE AND CYBER LAWS - CAMEROON
The CPA in partnership with the Commonwealth Telecommunications Organisation (CTO) and the United Nations Conference on Trade and Development (UNCTAD) organized a special briefing session for Parliamentarians on Electronic Commerce and Cyber Laws, in Yaoundé, Cameroon on 24 April. The event hosted by the CPA Cameroon Branch, attracted Members from Australia, Cameroon, Namibia, Nigeria, Trinidad and Tobago, and the United Republic of Tanzania.

Recognizing the central role played by Parliamentarians in reforming legislation to handle the transformation of commerce through ICTs, the briefing session gave Members an opportunity to analyse legal and regulatory issues pertain-
ing to electronic commerce, including legal rec-
ognition of electronic messaging for commerce
and e-government, and addressing the perils of
cybercrime and need for cyber security measures
along with the role of Parliamentarians. Led by
Professor Ian Walden, head of the Institute of
Computer and Communications Law, Queen Mary
University of London, this interactive workshop
also facilitated the sharing of experiences between
Parliamentarians from across the Commonwealth.

The group of Parliamentarians gathered in
Cameroon deliberated at length on these issues
and issued a concluding statement which con-
tained recommendations for further action at the
Commonwealth as well as the National level.

Participants then went on to attend the
Commonwealth Cyber security Forum 2013 organ-
ized by the Commonwealth Telecommunications
Organisation from 25 to 26 April at the same venue.

4TH WEST AFRICAN ASSOCIATION OF PUBLIC
ACCOUNTS COMMITTEES ANNUAL GENERAL
MEETING AND CONFERENCE, THE GAMBIA
The CPA in partnership with the World Bank
Institute (WBI) and the Canadian Parliamentary
Centre held the 4th West African Association of
Public Accounts Committees (WAAPAC) Annual
General Meeting and Accountability Conference in
Banjul, The Gambia, from 1 to 5 July.

This meeting brought together over 20 participants
from invited Commonwealth and non-Common-
wealth countries in the West Africa Region to exam-
ine the role of the Parliament in the budget process
and the work of Public Accounts Committees.
The conference, on the theme of “Parliamentary Oversight: Strengthening the Powers and Practices of Public Accounts Committees”, addressed issues such as corruption, public financial management, oversight committees, accountability synergy for PACs and the relationship between the audit institutions and the PAC. Different approaches between Francophone and Anglophone Parliaments were compared. The group adopted a resolution and work plan for 2013-2014.

The CPA funded delegations from the Ghana and Nigeria. Each of these delegations comprised two PAC Members, the PAC Clerk and the Auditor General or a representative.

The seminar, from 29 to 31 October, was attended by eight members from five regions whose governments have either a long history of non-renewable resource extraction programmes or are just entering this field. The Members exchanged views with senior experts from the field including from the programme partners, the World Bank, the Water Governance Institute and Extractive industry Transparency Initiative, who presented Members with top-level international economics perspectives.

Preceding the main conference was a meeting for Extractive Industry practitioners. This innovation added to the value of the main conference agenda and enhanced the subsequent discussions with Parliamentarians on the role of Parliaments in the Extractive Industry.
The main conference agenda covered the suggested lack of proper policies and regulatory frameworks for effective management of natural resources, extractive industry developments from exploration agreements through to development and the use and oversight of sometimes extensive revenues and extractive industry contracts and how these feed into the national budget. They considered how Parliamentarians can ensure that the Extractive Industry revenues can be used for the benefit of citizens.

Among the outcomes of the conference derived the initiative to develop a comprehensive training module on “Understanding Parliamentary Engagement with the Extractive Industries.”

BENCHMARKING 2.0: IMPROVING PARLIAMENTARY PERFORMANCE IN A TECH-ENABLED WORLD

A study group was convened by the CPA, in partnership with the National Democratic Institute (NDI), bringing together Parliamentarians and representatives of the Commonwealth Parliamentary Monitoring Organizations (PMOs) community from 7 to 9 May in London, United Kingdom. The group was brought together to build upon the existing CPA Benchmarks already conducted and to seek ways in which parliamentary openness could be increased. It also aimed to develop strong benchmarks for individual parliamentary conduct, ethics and behaviour.

Subsequently, a number of recommendations were agreed upon by the group over the two-day meeting. These included:
1. Refining the benchmarks:
• The Benchmarks should continue to evolve to reflect changes in society with a view towards meeting the needs of citizens in the Commonwealth. The Benchmarks help to facilitate the sharing of good practice among Commonwealth Parliaments and to reflect their shared values; and
• Parliaments and PMOs share the objective of enhancing citizen understanding of, and engagement in, Parliament’s work. There is a need to promote greater dialogue between Parliaments and PMOs, in order to ensure that PMOs have an understanding of the challenges faced by Parliaments and use appropriate methodologies to monitor the work of Parliament.

2. Parliamentary openness
• The Study Group noted the CPA’s long-standing commitment to transparent governance, referencing an earlier study group held in Accra, Ghana in 2004, which adopted the several recommendations designed to “address the culture of secrecy”. Recommendation 10.1 provided: “There should be a concerted effort by government and public bodies to address the problem of a culture of secrecy. This should include comprehensive training programmes on implementation of the access to information regime, as well as the importance of openness in society.” Recommendation 10.2 provided that “Parliamentarians should play a leadership role in this area, sending a clear signal to public officials that they fully support openness and setting a positive example through their own openness”.

The Study Group recommended that the CPA Secretariat work with its branches to identify independent and non-partisan PMOs within the Commonwealth that might be able to provide support, expertise and commentary on future CPA recommendations or study groups. This could include the development of an informal consultative group of Commonwealth PMOs to work with the CPA and its Branches to address issues of mutual concern.
The Commonwealth Heads of Government Meeting (CHOGM) took place in Colombo, Sri Lanka from 10 to 17 November. The CHOGM is held every two years to enable leaders of Commonwealth countries to come together to discuss global and Commonwealth issues.

The CPA was represented at the 2013 meeting by the Chairperson of the CPA Executive Committee, Rt Hon. Sir Alan Haselhurst MP, the Vice-Chairperson, Hon. Ronald Kiandee, and Rt Hon. Rebecca Kadaga, MP, Chairperson of the Commonwealth Women Parliamentarians. A new dialogue session was introduced at this year’s CHOGM, which allowed ‘Associate Organizations’ (AOs) to meet with foreign ministers. These organizations include the Commonwealth Parliamentary Association (CPA), the Commonwealth Local Government Forum (CLGF), and the Commonwealth Business Council (CBC).

The delegation was invited to attend the Opening Ceremony in the presence of HRH The Prince of Wales and to brief Commonwealth Foreign Ministers at a meeting for AOs of the Commonwealth. The work of the CPA was again favourably mentioned in the CHOGM Communiqué.

Since CHOGM, a number of proposals have been discussed including the idea of a Commonwealth Democracy Forum. The Chairperson and Secretariat staff are working together to ensure the CPA is represented during these discussions. The next CHOGM meeting is scheduled to take place in Malta in 2015.
The Commonwealth Parliamentary Research Service (CPRS) – formally known as the Parliamentary Information and Reference Centre (PIRC) – contains information for approximately 185 Parliaments and Legislatures and is potentially the biggest and most far-reaching service the Association provides to all Members.

It makes full use of digital media so comparative Commonwealth parliamentary information and the CPA name is readily and rapidly available to Members and the Public. It utilizes electronic media, including multimedia, social media and Twitter, and not limited to the CPA website. It is uniquely placed to be an authoritative information source relevant to the needs of Branches and the new work patterns of Members and officials and has the potential to become the main centre for comparative parliamentary studies, both for our Members and other external organizations. In this regard, there has been continued engagement with CPA Branches; the research service has supplied information in response to many queries. In addition, there has been great interest in Codes of Conduct, and this has generated programme work in this area.

The CPRS is a key tool in the communication between the Association, its Members and the wider community and will play a critical role in the future development of the Association.
COMMONWEALTH YOUTH PARLIAMENT
A 6th Youth Parliament was scheduled to be hosted in Hyderabad, Andhra Pradesh from 20-26 October. The event was cancelled however due to the situation surrounding the protests involving Members of Parliament, legislators, employers and students concerning the division of the state.

Subsequently, no Youth Parliament was held in 2013, and the 6th Commonwealth Youth Parliament will be hosted by the North West Provincial Legislature in South Africa in 2014.

COMMONWEALTH DAY AT CPA HEADQUARTERS
Commonwealth Day was observed on Monday 11 March and focused on the theme “Opportunity through Enterprise: Unlocking potential with innovation and excellence”. The CPA Secretariat’s contribution to the celebration of the day was once again directed towards the young citizens. The one-day programme at the CPA Headquarters hosted 39 young people nominated by CPA Branches from seven of the nine Regions of the Commonwealth.

The programme, organized by the Secretariat, was opened by CPA Secretary-General Dr William F. Shija and gave participants the opportunity to tour the Houses of Parliament at Westminster. They were also able to engage with Members of Parliament, including the Chairperson of the CPA Executive Committee, Rt Hon. Sir Alan Haselhurst, MP, United Kingdom, as well as with parliamentary officials and H.E Mr J. Zammit Tabona, High Commissioner for Malta.

Participants also attended the multi-faith observance held at Westminster Abbey which was also attended by HM The Queen.

The programme concluded with two evening receptions – the first, the Commonwealth Secretary-General’s Reception at Marlborough House where The Queen was the guest of honour and the second, a tea party at the Royal Commonwealth Society.

In addition to the Secretariat-based Commonwealth Day observance, bursary funding was also made available to certain Branches to arrange their own celebrations.
THE ROLE OF PARLIAMENTARIANS IN THE PROMOTION AND PROTECTION OF HUMAN RIGHTS

The Commonwealth Parliamentary Association in partnership with the Human Rights Unit of the Commonwealth Secretariat, hosted a two and a half day Caribbean Regional Seminar on the role of Parliamentarians in the promotion and protection of human rights, in Port-of-Spain, Trinidad and Tobago from 4 to 6 March.

The Acting Head of Human Rights at the Commonwealth Secretariat, Advocate Karen McKenzie, delivered the opening remarks. Keynote Addresses were made by: Hon. Wade Mark, MP, Speaker of the House of Trinidad and Tobago; Dr William F. Shija, CPA Secretary General; Hon. Anand Ramlogan, Attorney General, Trinidad and Tobago; and Bacre Ndiaye, Director Human Rights Council and Special Procedures Branch, Office of the High Commissioner for Human Rights (OHCHR).

The seminar sought to share best practices, and strengthen capacities on international and regional human rights mechanisms, with a specific focus on the Universal Periodic Review (UPR). Participating Parliamentarians included those from: Antigua and Barbuda, Barbados, Belize, Guyana, Jamaica, St Lucia, St Vincent and the Grenadines and Trinidad and Tobago. Participants from the Inter-American
Court of Human Rights also attended for resource development and exchange experience. The objectives of the seminar included to:

- Encourage dialogue on salient human rights issues and challenges for the Caribbean region;
- Raise awareness on international, regional and national human rights mechanisms, and the concomitant roles and responsibilities of Parliamentarians in engaging with them;
- Raise awareness on the UPR, and consider the possible roles of Parliamentarians in the reporting and implementation process;
- Create a network of advocates and lawmakers who can promote stronger engagement with the UPR process, help facilitate the passage of legislation relevant to UPR recommendations and promote synergies between the UPR and the work of the UN human rights treaty bodies.

Participants supported several recommendations in recognition of the important role of Parliaments and Parliamentarians in the promotion and protection of human rights. These included:

1. All capacity development interventions sponsored by the OHCHR should be inclusive of Caribbean representation separate from Latin/South America. This would allow Caribbean countries to put forward their distinct viewpoints and needs as a region.
2. Documentation relevant to new ratifications, as well as treaty body and UPR outcomes should be furnished to Parliaments within a specified timeframe which would enable their constructive engagement with government and other interlocutors; and
3. The establishment of national human rights institutions compliant with the Paris Principles.

FINANCIAL REVIEW
During the 2013 financial year, the Association made a deficit of £31,217 before net investment gains (2012: surplus of £493,201). The loss was due to the following movements in income and expenditure activities during the year.

Income decreased by £52,622 (2%) when compared to the year ended 31 December 2012 mainly as a result of reductions in investment yields (£38k), membership fees (£6k), partnership revenue (£5k) and other income (£4k).

Expenditure increased by £471,796 (21%) over the year ended 31 December 2012 largely due to the implementation of various governance and organisational development (OD) initiatives (£194k) and enhanced severance employer pension payments (£144k) made in the year, as approved by the Executive Committee. Furthermore, there was an increase in the year-end provision for branch fees debtors of £134k.

The CPA held £1,690,741 in its General Reserve (2012: £1,744,428) at the end of the financial year together with £1,000,000 (2012: £1,000,000) in a Contingency Reserve which is in accordance with the approved reserves policy of the Association. In addition, both the Working Capital Trust Fund and the Conference Assistance Trust Fund (managed by Trustees under separate Trust Deeds), had total funds of £5,861,525 (2012: £5,575,640). Income from each Trust Fund is used for the benefits of the members.

FINANCIAL STRATEGY
The Executive Committee agreed the CPA financial strategy in South Africa in August 2013. Its overarching purposes are to ensure that financial resources and policies are provided to support the strategic objectives outlined in the CPA business plan 2013 – 2015, and add a more focused sense of direction or purpose to the CPA’s existing financial policies and practices. The issues addressed in the policy document included the reserves, income generation, financial and administrative control policies.

RESERVES POLICY
The Contingency Reserve that has been established by the Trustees is made up of a fund to deal with unforeseen liabilities of £500,000 (2012: £500,000) and a free reserves fund of £500,000 (2012: £500,000).

The unforeseen liabilities fund deals with events such as: a sudden increase in the cost of airfares; a need to find a new venue for the Annual Plenary
Commonwealth Parliamentary Conference as a result of a sudden cancellation by a potential host Branch; or such other unforeseen liabilities which have arisen due to circumstances beyond the control of the Association.

The free reserves fund is to cover three months of the Association’s net annual operating costs (i.e. annual operating costs less annual conference airfares). This fund is to be used to maintain the range of services for the Association’s members should there be a sudden and unexpected loss in its revenue.

The Association also holds a general fund of £1.7m. Whilst reviewing the reserves level during the year, the Trustees resolved that the accumulated surplus would be available, and drawn upon, for spending on CPA’s objectives in 2013 and beyond.

INVESTMENT POLICY
The CPA has investments in two trust funds under the guidance and supervision of the Trustees. During 2013 these funds were managed by Coutts & Co. The Trustees met twice in the year to review the funds’ performance. The purposes of these funds are to promote knowledge and education about the constitutional legislatures within a parliamentary democratic framework, arranging study group meetings, seminars and conferences and providing facilities for the exchange of visits between members of branches of the CPA.

The Trustees have the power to invest in such stocks, shares and investments as they see fit. The policy is to adopt a cautious to moderate risk investment strategy based on maximising income and, within this strategy, the Trustees set a target of exceeding the average market performance for a similar fund, based on the market value of the portfolio.

The Trustees have an established, formal (written) Investment Policy Statement that:
• Defines and assigns the responsibilities of all parties.
• Establishes a clear understanding of the investment goals and objectives of Fund(s) assets.
• Offers guidance and limitations to investment advisors and/or managers regarding the investment of Fund(s) assets.
• Establishes a basis for evaluating investment results.
• Provides guidelines on managing Fund(s) assets in accordance with prudent standards, the Trust Deeds of the Fund(s) and the Trustee Act of 2000 as amended from time to time.

INVESTMENT PERFORMANCE
During the year under review, the Association’s target for investment income (see ‘Investment Policy’ above) was not achieved. However, the Trustees are confident that the shortfall was as a result of the continuing sluggish global economic recovery and are monitoring the investment performance carefully. The net investment gains amounted to £224,531 (2012: net gains were £279,088).

FUTURE PERIODS
The CPA will continue to pursue its key aims of holding conferences and seminars; disseminating information on Parliamentarians and political issues; organising international exchanges among Members...
and officials of Parliaments and Legislatures and assisting newly emerging Commonwealth democracies. The CPA’s assets are considered adequate to meet its annual obligations in the next three years.

MISCELLANEOUS
Statement of Executive Committee’s responsibilities

The Executive Committee is responsible for preparing the Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales, requires the Executive Committee to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Executive Committee is required to:

• Select suitable accounting policies and then apply them consistently.
• Observe the methods and principles in the Charities SORP.
• Make judgements and estimates that are reasonable and prudent.
• State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements.
• Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The Executive Committee is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable it to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the Charity’s Constitution and Trust Deeds. It is also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

WEBSITE
The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charity’s website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

AUDITORS
Haysmacintyre, Registered Auditors, were appointed during the year and have indicated their willingness to continue in office and it is proposed that they be re-appointed auditors for the ensuing year.

This report was approved by the Executive Committee on 30th April 2014 and signed on its behalf by:

Rt. Hon Sir Alan Haselhurst, MP Secretary-General
Dr William F. Shija Chairperson

The financial statements were approved, and authorised for distribution, by the Executive Committee on 30th April 2014 and signed on its behalf by:

Rt Hon. Sir Alan Haselhurst, MP
Chairperson

Dr William F. Shija
Secretary-General
Notes to the accounts for the year ended 31 December 2013

1. ACCOUNTING POLICIES
The principal accounting policies have been applied consistently in dealing with items which are considered material in relation to Commonwealth Parliamentary Association’s Financial Statements.

A) BASIS OF PREPARATION
The financial statements have been prepared under the historic cost convention, with the exception that investments are included at market value. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities (SORP 2005) issued in March 2005 and applicable UK Accounting Standards and the Charities Act 2011.

B) INCOMING RESOURCES
All incoming resources are recognised once the charity has entitlement to the resources, it is certain that the resources will be received and the monetary value of incoming resources can be measured with sufficient reliability.

C) APPORTIONMENT OF DIRECT CHARITABLE AND SUPPORT COSTS FOR THE CHARITY
- Cost of generating funds includes management costs associated with the charity’s investment portfolio.
- Charitable expenditure comprises those costs incurred by the Association in the delivery of its activities and services for its members. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.
- Governance costs comprise the costs of running the Association, external audit, any legal advice for the Executive Committee, and all the costs of complying with constitutional and statutory requirements, such as the costs of Executive Committee meetings and of preparing statutory accounts and satisfying public accountability.
- All costs are allocated between the expenditure categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis.

D) FIXED ASSET INVESTMENTS
Investments are stated at market value as at the balance sheet date. The statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year.

E) TANGIBLE ASSETS AND DEPRECIATION
Tangible assets (comprising IT and other equipment) are shown at cost. Depreciation is provided on a straight line basis, in order to write down the cost of the assets over their useful economic lives, of 3 years. Assets below £350 are not capitalized.

F) INVESTMENT GAINS AND LOSSES
All gains and losses are taken to the statement of financial activities as they arise. Realised gains and losses on invest
ments are calculated as the difference between sales proceeds and opening market value (purchase date if later). Unrealised gains and losses are calculated as the difference between the market value at the year end and opening market value (or purchase date if later). Realised and unrealised gains are not separated in the Statement of Financial Activities.

G) STOCKS
Stock is not included in the balance sheet and costs are written off as incurred.

H) FOREIGN EXCHANGE
Balances denominated in foreign currencies are translated into sterling at the rate of exchange ruling at the balance sheet date. Financial transactions are translated at the rate of exchange prevailing on the date the transaction is processed.

I) CASH FLOW STATEMENT
A cashflow statement has not been produced under the exemption allowed for small bodies detailed within Financial Reporting Standard Number 1 (revised).

J) PENSION COSTS
The Secretariat operates a defined contribution pension scheme for the benefit of its employees. The net assets of the fund are held separately from those of the charity. Contributions payable are charged to the SOFA in the year in which they are incurred.

K) FUND ACCOUNTING
Unrestricted funds are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the charity’s funding partners. The aim and use of each restricted fund is set out in Note 23 to the financial statements.

L) OPERATING LEASES
Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the SOFA in the year in which they fall due.

M) SUBVENTIONS TO BRANCHES
Branches’ outstanding travel claims are accrued for at the end of the financial year. If after one year from the date of accruals such claims have not been made, the accrued amounts are written back into the accounts.

5. PENSION SCHEME
The CPA Secretariat runs a Personal Pension Scheme (“Scheme”) for employees with Scottish Widows, which commenced on 1st August 2010 (previously with Clerical Medical). The Scheme is funded by Contributions from Scheme members and the CPA Secretariat.

The Scheme is operated on a Personal Pension Scheme basis and is not a defined benefits final salaries arrangement. Contributions are invested with Scottish Widows under the pension rules to produce the maximum fund of monies at retirement for each individual member. Members can contribute towards the cost of their benefits at rates between the range of 2-15 per cent of annual salary. CPA Secretariat pays 16 per cent.

UNRESTRICTED FUNDS

• The general reserve represents the accumulated surplus which is available for spending on CPA’s objectives.
• The contingency reserve of £1m, which has been created to meet any unforeseen liabilities, is made up of two separate funds.

The 1993 general assembly in Cyprus decided that a fund should be created to deal with unforeseen liabilities: a sudden increase in the cost of airfares to the annual conference, a need to find a new venue for a conference or other liabilities which arise due to circumstances which are beyond the control of the Association. The Executive Committee decided in Singapore in May 1999 that the fund should be built up to a maximum level of £500,000 (in real terms) and that when this has been achieved, the interest earned on it should be applied to meet CPA headquarters secretarial operating expenses.

In addition to the unforeseen liabilities fund, the Trustees decided in April 2008 in Malaysia to create and maintain a free reserves policy of £500,000 to cover three months of the Association’s net annual operating costs (i.e. annual operating costs less annual conference airfares). This fund is to be used to maintain the range of services for the Association’s members should there be a sudden and unexpected loss in its revenue.

RESTRICTED FUNDS

Conference Assistance Fund (CAF)
The object of the fund is to advance the charitable purposes of the Commonwealth Parliamentary Association by applying the income or such parts of the capital as the Trustees may deem fit. Expenditure is restricted to fulfilling these aims.
Notes to the accounts for the year ended 31 December 2013

**WORKING CAPITAL FUND (WCF)**

The object of the fund is to advance the charitable purposes of the Commonwealth Parliamentary Association by applying the income or such parts of the capital as the Trustees may deem fit. Expenditure is restricted to fulfilling these aims.

The *Partnership Income* received in the year from the Commonwealth Secretariat was the contribution received for the CPA Secretariat’s consultancy role in developing the Latimer House Principles Dialogue & Training Toolkit.

### 24. FINANCIAL COMMITMENTS

The primary contract terms with Canon for the two photocopiers expired on 30 January and 30 April 2013 respectively. After these dates the rental agreement reverted to zero-rental charges, hence there are no financial commitments expected under the lease agreement within one year.
INDEPENDENT AUDITORS’ REPORT TO THE MEMBERS OF COMMONWEALTH PARLIAMENTARY ASSOCIATION

We have audited the financial statements of Commonwealth Parliamentary Association for the year ended 31 December 2013 which comprise the Statement of Financial Activities, the Balance Sheet and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). This report is made solely to the charity’s members, as a body, in accordance with Section 144 of the Charities Act 2011 and regulations made under section 154 of that Act. Our audit work has been undertaken so that we might state to the
Charity’s Trustees those matters we are required to state to them in an Auditors’ Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity’s trustees as a body, for our audit work, for this report, or for the opinions we have formed.

RESPECTIVE RESPONSIBILITIES OF TRUSTEES AND AUDITOR

As explained more fully in the Statement of Executive Committee’s Responsibilities set out in the Annual Report, the trustees are responsible for the preparation of financial statements which give a true and fair view.

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board’s (APB’s) Ethical Standards for Auditors.

SCOPE OF THE AUDIT OF THE FINANCIAL STATEMENTS

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charity’s circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

OPINION ON FINANCIAL STATEMENTS

In our opinion the financial statements:

• Give a true and fair view of the state of the charity’s affairs as at 31 December 2013 and of its incoming resources and application of resources, for the year then ended;
• Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
• Have been prepared in accordance with the requirements of the Charities Act 2011.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

• the information given in the Annual Report is inconsistent in any material respect with the financial statements; or
• Sufficient accounting records have not been kept; or
• The financial statements are not in agreement with the accounting records and returns; or
• We have not received all the information and explanations we require for our audit.
