The Commonwealth Women Parliamentarians (CWP) is the network of women Members of the Commonwealth Parliamentary Association's Parliaments and Legislatures. The CWP network provides a means of building the capacity of women elected to Parliament to be more effective in their roles, improving the awareness and ability of all Parliamentarians, male and female, and encouraging them to include a gender perspective in all aspects of their role - legislation, oversight and representation and helping Parliaments to become gender-sensitive institutions.

CWP represents over 3,000 women parliamentarians, in over 180 Commonwealth national and sub-national Parliaments, across all 9 Regions of the CPA.

How is the CWP organised?

- The CWP is governed by the CPA's **Constitution** established in 1993 and the CWP's Terms of Reference agreed in 2022.
- The **CWP Business Meeting** is the ultimate authority of the CWP.
- The **Steering Committee** of eleven Women Members usually meets twice a year and is made up of the Chairperson, CWP Regional Representatives and the CWP President
- The **CPA Headquarters Secretariat**, headed by the **Secretary-General**, administers the CWP with the support of the Network Coordinator. Support also emanates from **Regional and Branch Secretaries**, usually senior parliamentary staff who mobilise the resources of their Parliaments in pursuit of the aims and activities of the CPA and by extension the CWP.

History of CWP

Recognising the need of increasing women's representation in political institutions, the Commonwealth Women Parliamentarians (CWP) was founded by women delegates at the 1989 plenary CPA conference so women at future conferences could discuss ways to increase female representation in Parliament and work towards the mainstreaming of gender considerations in all CPA activities and programmes.

In 2004, the group was formally recognised in the CPA Constitution and its elected CWP Chairperson became a member of the CPA Executive Committee.

Current and previous CWP Chairpersons include:

- Hon. Dr Zainab Gimba, MP, Nigeria
- Hon. Shandana Khan, MNA, Pakistan
- Hon. Dr Dato' Noraini Ahmad, MP, Malaysia

What does the CWP do?

Regional Strengthening Funds

The CPA supports the work of the CWP through its Regional Strengthening Fund. Funding is allocated to the nine CPA regions to provide assistance in undertaking projects and events which align with the CWP's strategic objectives.

Gender Sensitive Parliaments

The CWP is an active advocate, seeking to ensure parliaments are gender sensitive institutions. In 2020, the CWP published a new set of guidelines, titled **CWP Gender Sensiting Parliaments Guidelines: Standards and Checklist for Parliamentary Change**. This was followed in 2022 with

a **CWP Gender Sensiting Parliaments: A Seven Step Field Guide** which collectively support parliaments in conducting self-assessment reviews and audits. Following the publishing of the Field Guide, the CWP Secretariat will support parliaments which undertake self-assessments as well as enabling them to achieve identified recommendations.

Outreach and Engagement

The CWP actively marks International Women's Day across the Commonwealth and supports other global initiatives through many international meetings and events. In recent years, there have included the Commonwealth Women's Forum at the Commonwealth Heads of Government Meeting, the Commission for the Status of Women Meeting and Women Political Leaders Conference. Importantly of all is the **CWP Triennial Conference** which is held at the margins of the CPA's Annual Parliamentary Conference.

The CWP network also publishes a biannual e-Newsletter to its membership as well as hosting numerous social media accounts communicating news on CWP and related developments.

Bilateral Support

The CWP works with individual Parliaments to support them in establishing and strengthening their Women's Caucuses and to ensure, through the **CPA Recommended**

Benchmarks for Democratic Legislatures, parliaments and electoral practices adhere to international commitments, goals and standards, such as SDG 5 and CEDAW.

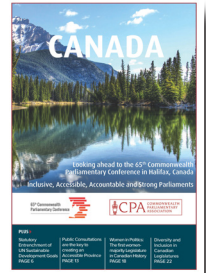

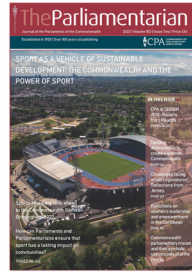

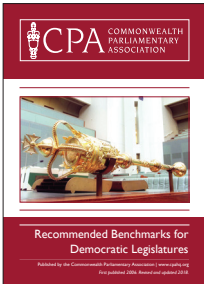

CWP Workshop

The CWP organises annual workshops on various thematic topics aligned to its strategic priorities. CWP Workshops have focused on **'Female and Male Champions', Gender-Sensitive Parliaments and promoting gender justice.**

Who do we work with?

The CWP work with a wide range of organisations in achieving its aims, these include: **inter-governmental organisations; regional organisations; academic institutions; non-governmental organisations; professional training bodies; private businesses; think tanks** and **other research bodies.**
